

Extended Schuduling in the oil industry

by

Teis Lindemark

THESIS

for the degree of

MASTER OF SCIENCE

(Master i Programutviklingsteori)

Faculty of Mathematics and Natural Sciences
University of Bergen

June 2012

Det matematisk- naturvitenskapelige fakultet
Universitetet i Bergen

Abstract

TEST

Contents

1	Preface	4
2	Introduction	5
2.1	Background	5
2.2	Aim of the project	5
2.3	Motivation	5
2.3.1	Brief on Constraint Programming	5
2.3.2	Brief on ILOG	5
2.3.3	Challenges with Constraint Programming	5
3	NEW METHODS	6
4	Experiments	7
5	Future work	8
6	Conclusion	9

1 Preface

2 Introduction

In this project, the developer ... [1]

2.1 Background

Background section

2.2 Aim of the project

The aim of the project

2.3 Motivation

Motivation

2.3.1 Brief on Constraint Programming

Constraint programming

2.3.2 Brief on ILOG

ILOG

2.3.3 Challenges with Constraint Programming

Challenges

3 NEW METHODS

4 Experiments

5 Future work

6 Conclusion
